Work Experience.

Go City, London
Global Performance Marketing Manager | 2026 - Present

Lead paid search strategy across 28 destinations for Go City, London Pass, New York Pass and Paris Pass. Manage **two junior team members and an external agency**.

- Led a full rebuild of a fragmented global account structure, consolidating **60+ accounts into four**. Improved control of budgets, bids and auction participation, simplified day-to-day management and prepared the accounts to scale ahead of peak season.
- Created the account structure needed to adopt **AI Max, Performance Max (PMax) and Demand Gen**. Introduced theme-based Target ROAS portfolio bidding to align optimisation with revenue and return on ad spend.
- Developed a forecasting model for conversions and revenue to account for a **14+ day** conversion lag, giving bid and budget decisions a clearer view of recent performance.
- Automated bid and budget reviews across campaigns and portfolio strategies, including bulk uploads and checks on when new campaigns should move from Maximise Conversions to Target CPA or Target ROAS.
- Created an **N-gram search term analysis tool** to identify high-performing keywords and negative keyword opportunities across global accounts.
- Developed search term monitoring and **hourly budget pacing reports** to spot performance changes and resolve issues during the account rebuild.
- Brought these tools together in a **Paid Search Hub** using Google Ads Scripts, Apps Script, BigQuery, the Google Ads API and Claude Code, alongside an AI tool for writing ad copy.

MyBuilder, London

Performance Marketing Manager - UK/US/CA | 2020 - 2026

Solely managed **£50M+** in annual media spend across the UK, US, Canada and the Netherlands for MyBuilder, part of Angi Inc. Also supported teams in France, Germany, Austria and Italy.

- Reduced B2C homeowner acquisition costs by **12%**, improved margin by **16.2%** and increased conversions in high-value locations by **19%**. Used demand, margin and conversion data to set Target CPA bids by trade and location across Google Ads and Microsoft Advertising.
- Delivered **£1M in incremental margin** and increased click-through rate (CTR) by **109%** by refining keywords, match types and ad copy.
- Reduced cost per acquisition (CPA) for B2B contractors by around **30%** while growing volume by **20% year on year**. Segmented campaigns by trade value and each stage's contribution to the conversion funnel.
- Scaled Apple Search Ads across brand, competitor, discovery and exact-match campaigns. Built a keyword promotion process that reduced cost per install (CPI) from **£2.09 to £0.52**, a 75% reduction.
- Led A/B testing across bidding, creative and campaign structure. Analysis of responsive search ad (RSA) headline themes improved the impression-to-conversion rate by around **25%**.
- Coached European colleagues on modern paid search strategies, helping junior team members develop their skills, earn promotions and take full ownership of their accounts. Partnered with Product, UX, Analytics and BI on testing and attribution.

The Pommier, London

Founder | 2015 - 2020

Founded a fashion marketplace combining eCommerce with two London stores.

- Grew a self-funded business to around **£1M in annual revenue** by year three through subscriptions, retail sales and marketplace fees.
- Built a network of 260 partner brands across 40 countries through a HubSpot acquisition funnel. Hired and managed **11 staff** across two stores and the back office, including retail assistants, social media and PR executives.
- Managed paid media spend of up to **£25k per month** across Google Search, Shopping, Display, Facebook and Instagram, including product feed management for **250,000+ SKUs**.
